**Albert Einstein: Uncover The Amazing Life Of Albert Einstein (Historical Biography)** Jack Hoff

If I were to ask you very quickly to name a brilliant scientist, whose name would come to mind? Admittedly, there is a chance that you might have blurted the names of Stephen Hawking or Michio Kaku but more often than not, the name that comes to mind is that of Albert Einstein. We may all know of him but can we really say that we 'know' him? The average non-scientist would be hard pressed to describe any of his theories adequately. Some are unaware of his association with both marvellous and tragic outcomes in the world of science. In this book, you will find some of the answers to questions about Einstein that you may not have thought to ask. Hopefully they will give you a more complete picture of the man and what he accomplished over the course of his life. You should be warned that he was still a man, however. Any accurate portrayal of him should mention that while he was brilliant, a staunch pacifist and light years ahead of his peers, he was no saint.
