## **Open-Source-Software im Projektmanagement (German Edition)** Philippe Fleischlin

Studienarbeit aus dem Jahr 2008 im Fachbereich Informatik - Wirtschaftsinformatik, Note: -, Höhere Fachschule für Wirtschaft Baselland, 22 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Mit der vorliegenden Arbeit zum Thema Open-Source-Software im Bereich Projektmanagement versuche ich die elektronischen Unterstützungsmöglichkeiten auf Basis von Open-Source-Software aufzuzeigen. Unter Berücksichtigung des Lernstoffes meines Nachdiplomstudiums "Projektmanagement-Praxis" und der dabei erlernten Methoden habe ich mir zum Ziel gesetzt, diese Techniken sowohl mittels Softwareunterstützung als auch auf der Basis frei erhältlicher Software zu beurteilen. Auf dem Markt sind zahlreiche gute, meist sehr umfangreiche Softwareprodukte zum Thema Projektmanagement erhältlich. Diese sind in der Regel kosten- beziehungsweise lizenzpflichtig. Nicht jederman kann bzw. will sich eine komplette und kostenintensive Softwaresuite leisten, wovon normalerweise sowieso nur ein kleiner Teil des angebotenen Umfangs genutzt wird. Deshalb habe ich primär einige Produkte auf Basis von Open-Source-Software zum Thema Projektmanagement begutachtet. Meiner Meinung nach kann Softwareunterstützung im Projektmanagement sehr hilfreich sein. Allerdings darf nicht vergessen werden: man muss die angewendeten Techniken verstehen. Nur so kann die gewählte Software eine effiziente Unterstützung bieten.

It means that it can to become your friend when you really feel alone and beside that of course make you smarter than before. Yeah, it is very fortunated in your case. The book makes you a lot more confidence because you can know every thing by the book. So , let's make new experience as well as knowledge with this book.

#### **Lea Severino:**

Reading a publication tends to be new life style in this era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or their experience. Not only the storyline that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors in this world always try to improve their skill in writing, they also doing some research before they write with their book. One of them is this Open-Source-Software im Projektmanagement (German Edition).

#### **Kim Adams:**

This Open-Source-Software im Projektmanagement (German Edition) is great e-book for you because the content which is full of information for you who have always deal with world and still have to make decision every minute. This specific book reveal it info accurately using great coordinate word or we can claim no rambling sentences inside it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with wonderful delivering sentences. Having Open-Source-Software im Projektmanagement (German Edition) in your hand like keeping the world in your arm, facts in it is not ridiculous one. We can say that no book that offer you world throughout ten or fifteen tiny right but this reserve already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. occupied do you still doubt in which?

#### **Theodore Rivas:**

That publication can make you to feel relax. This specific book Open-Source-Software im Projektmanagement (German Edition) was vibrant and of course has pictures on the website. As we know that book Open-Source-Software im Projektmanagement (German Edition) has many kinds or variety. Start from kids until teenagers. For example Naruto or Private investigator Conan you can read and think that you

are the character on there. Therefore not at all of book are make you bored, any it makes you feel happy, fun and relax. Try to choose the best book in your case and try to like reading in which.
