## **The Lost Language of Symbolism: An Essential Guide for Recognizing and Interpreting Symbols of the Gospel** Alonzo L. Gaskill

Symbolism is a marvelously instructive and expressive language. . . . It partakes of the language of the heart and the language of the Spirit. . . . As Alonzo Gaskill deftly points out in this work, the language of symbolism embraces everything from the dust of the earth to the glories of the heavens. To miss what is being expressed or taught with symbols is like living in a world without sunsets or autumn leaves. — Joseph Fielding McConkie

"All things have their likeness," the Lord has said, "and all things are created and made to bear record of me, both things which are temporal, and things which are spiritual; things which are in the heavens above, and things which are on the earth" (Moses 6:63).

"Symbolism is the very language of scripture," writes author Alonzo Gaskill. As we more fully understand the symbolism in the scriptures and the temple, we are led to deeper, more profound insights and truths that previously eluded us. The result is that we can then more readily liken the scriptures unto ourselves for "our profit and learning" (1 Nephi 19:23).

This engaging and well-researched guide explores the symbolism of body parts, clothing, colors, numbers, directions, names, and animals in holy writ and in the temple. It also provides a series of charts comparing the lives of scriptural individuals and showing how they actually are types and symbols of Christ.

Filled with countless examples to help explain and support the author's discussion of symbols and their meanings, the text makes extensive references not only to recognized Latter-day Saint sources but also to lesser-known sources written by a variety of religious scholars both modern and ancient.

Symbolism is a language hidden in the margins, tucked between the lines, and suspended below the surface of the words. With study and effort, we can coax the symbolic meaning into the open and become fluent in reading the eternal truths it reveals. This book is an invaluable aid in that process.
