Rete Reti Internet (Italian Edition) Francesca Cirini

Cosa c'è alla base di una rete informatica? Innanzitutto un computer... Come fanno due computer a comunicare tra loro? Internet è la più ampia e conosciuta rete informatica, ma come è nata? e quali sono le altre reti? Internet offre infinite possibilità, ma quali sono i siti più utilizzati? da chi? E poi, è vero che in rete non ci sono regole da rispettare?

Con questo eBook si vuole spiegare a tutti coloro che se lo domandano ogni volta che connettono il proprio smartphone, lettore mp3, tablet al proprio computer, o tutte le volte che accedono alla rete internet, come funziona la rete. Ma con questo eBook si vuole anche aiutare a riflettere sull'utilizzo quotidiano della rete: ricerche, social, pubblicità, guadagni, ma anche copyright e diritti personali...
