The Ethics of Business: A Zondervan Digital Short Scott Rae

Derived from Scott B. Rae's widely adopted textbook, *Moral Choices*, this digital short looks carefully at economic life in the Bible and at a range of economic and business issues including wealth, materialism, work, calling, capitalism, human resources management, product safety, and more. Rae covers moral and theological principles for a biblically ordered economic life, and also includes cases and questions for further discussion. *The Ethics of Business* thus provides a wise and well-grounded introduction to an everyday ethical question for Christians, namely, "How can I best serve God in my work and finances?"
