The Garnaut Review 2011: Australia in the Global Response to Climate Change Ross Garnaut

In this update to the 2008 Garnaut Climate Change Review, Ross Garnaut re-examines the case for action in the aftermath of the global financial crisis and recent developments by major countries to reduce emissions and prepare for a low-carbon future. He guides the reader through the climate change debate, and explains why Australia's contribution is vital to the national interest and matters to the global effort. He outlines a set of policies through which Australia can contribute its fair share without damaging Australian prosperity. The Garnaut Review 2011: Australia in the Global Response to Climate Change extends the analysis to contemporary economic, political and environmental conditions in a way that is clear and easy to understand. It is an essential resource for all who care about the future of our economy and environment.
