The Weiser Field Guide to Cryptozoology: Werewolves, Dragons, Skyfish, Lizard Men, and Other Fascinating Creatures Real and Mysterious (The Weiser Field Guide Series) Deena West Budd

The Weiser Field Guide to Cryptozoology includes information, interviews, and stories about forty different cryptids seen in various places all over the world by credible eyewitnesses like policemen, rangers, and doctors. Readers will learn where and how to find flying humanoids, hairy humanoids, giants of all kinds including rabbits, bats and spiders, goblins, vampires, werewolves, demons, aliens and ghosts. In the third book of our *Weiser Field Guides*, Bellaonline paranormal editor, Deena West Budd, surveys the still-emerging field of cryptozoology--a term coined in the 1950s by a French zoologist named Bernard Heuvelmans--the study of "hidden" or "unknown" animals not recognized in standard zoology. From traditional cryptids like Big Foot, the Abominable Snowman and Nessie, to mythical cryptids like unicorns, vampires, dragons, and werewolves, to lesser-known cryptids like bunyips (waterhorses), Encantado (Dolphin Men of Brazil), thunderbirds, mothmen, and chupacabra, these creatures are very much alive, says Budd, if beyond the realm of normal perception. *The Weiser Field Guide to Cryptozoology* includes a brief history of the field of cryptozoology and surveys all the creatures for which any credible amount of research exists. Budd gives readers tips on how to spot these creatures, as well as cautionary advice on how to interact with them. Two dozen line drawings rendered from eye witness descriptions accompany the text.

You can also get the e-book through the official web site, so you can easier to read the book.

Hazel Freese:

As a student exactly feel bored for you to reading. If their teacher asked them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's heart or real their hobby. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Weiser Field Guide to Cryptozoology: Werewolves, Dragons, Skyfish, Lizard Men, and Other Fascinating Creatures Real and Mysterious (The Weiser Field Guide Series) can make you experience more interested to read.
