**Progression in Primary ICT (Teaching ICT through the Primary Curriculum) Richard Bennett**

Providing an overview of the current context of ICT teaching within the primary classroom and an analysis of how to progress with it in order to enhance learning, this text:

- provides an analysis of what progression in ICT is and breaks this down into a series of detailed objectives
- includes 'real life' examples and case studies that highlight how progression occurs within the classroom
- contains a reference chart that documents progression in terms of learning objectives and subject content
- gives advice on teaching ICT in different settings or with varied resources.

It is an essential resource for all practising and trainee primary teachers.
