## **Virus Z: Beginning of the End** Rodolphus

You are what eats you. Eat and be eaten. Savor the young adult terror. The walking dead novel that seems too real, a little too probable, and entirely too personal. These are zombies, done right, the way you've always desired your zombie. Moment by moment, facing a reality too gruesome to acknowledge. Rodolphus makes it all too palpable, a visceral mind-feast, and "Virus Z" is not for the faint of heart, or stomach. The zombie apocalypse is possibly closer than anyone wishes to admit, but everyone acknowledges the deep sense building in their heart of hearts, that the unthinkable is beginning, even now. "Virus Z: Beginning of the End," savor the terror. Frightful for the entire family!
