Public Dream Frances Leviston

Public Dream, Frances Leviston's first collection of poetry, is one of the most eagerly-awaited debuts in years. Although still in her early twenties, Leviston has already received considerable acclaim for her superbly-crafted and pitch-perfect verse. However, in the apparently effortless balancing of its lyric and metaphysical concerns, in the penetration, range and originality of its thought, *Public Dream* shows her to possess the maturity to match that skill. This book does more than merely display promise: it announces the arrival of a singular and essential new voice.
