Two Bowls of Milk Stephanie Bolster

The poems of Stephanie Bolster's second collection move with delicacy and power, whether focussing on a flock of snow geese on a flooded plain, on the paintings of Jean Paul Lemieux, or on two wasps in a Pepsi can on the steps of the Metropolitan Museum of Art. These intimate acts of language create a space infused with stillness and an edgy expectation. Here is a poetry of engagement and mystery, in which truth is found in seepage and reversal: the bowls of milk the colour of milk; the two facing human profiles forming between them the shape of a vase. This volume sketches a clear, unwavering arc through poems sometimes raw and painful, but always exquisite, and, ultimately, transformative. *Two Bowls of Milk* confirms Stephanie Bolster as one of the most gifted new poets in Canada today.
