## **Il Mistero dell'Esistenza (Italian Edition) Mauro Bernardini**

Questo piccolo saggio propone un'affascinante congettura sul mistero dell'esistenza, descritta e formalizzata attraverso la nuova Teoria della Realtà Trascendente (Teoria RT). Una teoria che, a partire da concetti di logica elementare, disegna una storia credibile, razionale e soprattutto comprensibile a chiunque, sulle nostre origini e il senso del mondo reale in cui viviamo. La tesi contenuta nella Teoria RT, avvalendosi di semplici modelli esistenziali osservabili nel nostro mondo tridimensionale, assegna la ragione della nostra esistenza alla presenza di Esseri reali, ma super-dimensionali rispetto a noi, che compenetrano e sostanziano il nostro e tutti gli universi possibili: i Punti di Alef. Tutto dipende ed è parte reale dei Punti di Alef, che animano sia l'esistente, sia il contenitore di tutte le realtà, rappresentato nel libro dall'Essere superiore a tutti: Alef. Per l'autore, la Teoria RT può rappresentare un valido modello di riferimento utilizzabile da tutte le aree di pensiero, siano esse religiose, scientifiche o paranormali, o solo di radice popolare, per affrontare razionalmente e definitivamente il mistero della nostra esistenza.
