The Sermon Sucking Black Hole: Why You Can't Remember on Monday What Your Minister Preached on Sunday (Morgan James Faith) David R. Mains

Very little communication takes place between most pastors/priests and their congregants regarding the weekly sermon/homily. This lack of constructive dialogue has resulted in Sunday messages that are not only out-of-touch with where parishioners are living, but for the most part what's said isn't remembered much beyond the church parking lot.

Dr. Mains contends that people in the pew can best judge when a sermon is helpful to them and when it isn't. So why not include them in the process of both preparing and evaluating sermons? Not preaching the sermons. . . .but again, preparing and evaluating them. He makes these changes sound so simple and practical that you can't help but wonder, "Why weren't these ideas implemented years ago?"

Most people in the pew don't realize how integral they are to finding a solution to this problem. But the pulpit/pew combination can be an incredibly powerful team, so let's begin to work together to help solve this mystery of what's happening to sermons.

This is not a negative book or one that only points out problems. Instead, it's a positive, practical and encouraging read that should fill you with hope for not only your local congregation, but churches everywhere.
