This new edition of *Entrepreneurial Financial Management* presents an applied, realistic view of finance for today's entrepreneurs. The book provides an integrated set of concepts and applications, drawn from entrepreneurship, finance, and accounting, that will prepare aspiring entrepreneurs for the world they are likely to face as they start their new businesses.

The book's contents are designed to follow the life cycle of a new business venture. Topics are covered in the order that entrepreneurs can expect to encounter them as they begin the process of business start-up and move into growing the business.

A comprehensive financial spreadsheet template is included with the book.
