Eat the Document: A Novel Dana Spiotta

Dana Spiotta, whom Michiko Kakutani called "wonderfully observant and wonderfully gifted...with an uncanny feel for the absurdities and sadness of contemporary life" (*The New York Times*), has written a bold and moving novel about a fugitive radical from the 1970s who has lived in hiding for twenty-five years. *Eat the Document* is a hugely compelling story of activism, sacrifice, and the cost of living a secret.

In the heyday of the 1970s underground, Bobby DeSoto and Mary Whittaker -- passionate, idealistic, and in love -- design a series of radical protests against the Vietnam War. When one action goes wrong, the course of their lives is forever changed. The two must erase their past, forge new identities, and never see each other again.

Now it is the 1990s. Mary lives in the suburbs with her fifteen-year-old son, who spends hours immersed in the music of his mother's generation. She has no idea where Bobby is, whether he is alive or dead.

Shifting between the protests in the 1970s and the consequences of those choices in the 1990s, Dana Spiotta deftly explores the connection between the two eras -- their language, technology, music, and activism. Character-driven and brilliant, *Eat the Document* is an important and revelatory novel about the culture of rebellion, with particular resonance now.
