Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality)

Michael Havbro Faber

Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) Michael Havbro Faber

This book provides the reader with the basic skills and tools of statistics and probability in the context of engineering modeling and analysis. The emphasis is on the application and the reasoning behind the application of these skills and tools for the purpose of enhancing decision making in engineering.

The purpose of the book is to ensure that the reader will acquire the required theoretical basis and technical skills such as to feel comfortable with the theory of basic statistics and probability. Moreover, in this book, as opposed to many standard books on the same subject, the perspective is to focus on the use of the theory for the purpose of engineering model building and decision making. This work is suitable for readers with little or no prior knowledge on the subject of statistics and probability.

From reader reviews:

Eric Ray:

What do you think about book? It is just for students as they are still students or it for all people in the world, exactly what the best subject for that? Only you can be answered for that issue above. Every person has various personality and hobby per other. Don't to be forced someone or something that they don't desire do that. You must know how great as well as important the book Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality). All type of book can you see on many methods. You can look for the internet sources or other social media.

Martha Howell:

The knowledge that you get from Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) is a more deep you excavating the information that hide in the words the more you get interested in reading it. It does not mean that this book is hard to understand but Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) giving you thrill feeling of reading. The copy writer conveys their point in specific way that can be understood through anyone who read the item because the author of this publication is well-known enough. This book also makes your own personal vocabulary increase well. Therefore it is easy to understand then can go together with you, both in printed or e-book style are available. We propose you for having this specific Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) instantly.

Matthew Seifert:

Typically the book Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) has a lot details on it. So when you make sure to read this book you can get a lot of advantage. The book was written by the very famous author. The author makes some research prior to write this book. This kind of book very easy to read you can get the point easily after perusing this book.

Margarita Culbertson:

It is possible to spend your free time to see this book this e-book. This Statistics and Probability Theory: In Pursuit of Engineering Decision Support: 18 (Topics in Safety, Risk, Reliability and Quality) is simple to develop you can read it in the area, in the beach, train and soon. If you did not possess much space to bring the printed book, you can buy typically the e-book. It is make you much easier to read it. You can save typically the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.
