**La pesca en Andalucía y Canarias en el transito de la edad media a la moderna (SIGLOS XV Y XVI) (Biblioteca economica canaria: Pesca) (Spanish Edition) Juan Manuel Bello León**

En este trabajo se pretende poner de manifiesto la importancia que la pesca tuvo en la economía y sociedad de finales de la Edad Media. Eclipsada por otras actividades como el comercio o la agricultura, la pesca ha ocupado y pre-ocupado a muy pocos historiadores, a pesar de que esta actividad y todas las que se generaron en torno a ella propiciaron que muchas localidades castellanas, especialmente andaluzas dispusieran de los recursos humanos, técnicos y económicos que les garantizaron su expansión por la costa africana. Este libro pretende ser una primera aproximación a los problemas y beneficios que obtuvieron aquellos que se dedicaron a faenar por las costas andaluzas, canarias y africanas, y a plantear cómo los intereses del Archipiélago en el vecino continente deben mucho a la iniciativa de pescadores y marineros que trabajaban en la costa africana
