**L'écart salarial entre hommes et femmes (Droit social) (French Edition) Anastasia Demagos**

Cet ouvrage aborde la question de l'écart salarial entre hommes et femmes. Plus spécifiquement, son but consiste à vérifier l'efficacité potentielle de la loi du 22 avril 2012 visant à lutter contre l'écart salarial.

Un exposé des différentes causes de cet écart est suivi d'une analyse de la législation en matière d'égalité salariale ainsi que d'une revue de la jurisprudence européenne et belge utilisée comme instrument de mesure de l'efficacité de la législation.

Un examen de l'action politique de l'Union européenne met en exergue les mesures adoptées dans ce domaine.

Ces parties permettent de vérifier si le législateur de 2012 répond de façon efficace aux causes de l'écart et s'il innove par rapport au corpus législatif préexistant.

L'ouvrage se conclut avec l'analyse approfondie de la législation du 22 avril 2012 et une réflexion critique sur celle-ci.
