## Shakespeare's Comedies: Explorations in Form (Routledge Revivals) Ralph Berry

In this lucid and original study, first published in 1972, Ralph Berry discusses the ten comedies that run from *The Comedy of Errors* to *Twelfth Night*. Berry's purpose is to identify the form of each play by relating the governing idea of the play to the action that expresses it. To this end the author employs a variety of standpoints and techniques, and taken together, these chapters present a lively and coherent view of Shakespeare's techniques, concerns, and development. This title will be of interests to students of literature and drama.
