Shelter: Being An Intentional Parent In A Random World Jimmy Holbrook

Through his years of ministry, Jimmy Holbrook has seen the need for parents to be intentional about providing an environment where kids can grow up to face the world with a solid, spiritual foundation. Parents are responsible to teach their kids how to function in society as spiritual warriors for Christ. The basics of relationship, character, and value development are at the heart of his work. Kids do not leave home without some understanding of relationships, character, or values. It is during those childhood years that parents are called to teach God's truth by talking about it and living in out at home. Shelter is an excellent tool giving parents instructions on the stages of a child's development physically and spiritually. The author shares practical concepts for parents to implement in their home to authentically model the principles of Deuteronomy 6.
