## **Synthomas de poesia na infância (Portuguese Edition) Gloria Kirinus**

Synthomas de poesia na infância é resultado de pesquisa e trabalho de muitos anos da poetisa e especialista em literatura, Gloria Kirinus, sobre a criança que nasce com potencial criativo, intuitivo e intelectual e que, muitas vezes, é incompreendida por pais, educadores e profissionais da saúde que identificam nela sintomas de transtornos (Déficit de Atenção - DDA ou Transtorno do Déficit de Atenção e Hiperatividade - TDAH). Através de depoimentos, relatos, entrevistas e experiências, a autora, sem duvidar dos estudos médicos sobre tais transtornos, argumenta que nem toda criança que foge do padrão normal de comportamento deve ser tratada como caso clínico. ""Mas as crianças não aprendem"" ou ""Mas as crianças ficam distraídas"" são preocupações válidas, mas não podem ser confundidas com a alegria entusiasmada e eufórica da infância livre e sem preocupações.
