**El dibujo secreto de américa Latina (Spanish Edition)** William Ospina

#Nuestra América es todavía el reino de la perplejidad, y a ello contribuyen por igual las tensiones y los desajustes entre la realidad y el lenguaje, los mestizajes y los sincretismos. No deja de ser asombroso que estas tierras ya su?cientemente complejas por su composición geográ?ca y biológica se hayan enriquecido más aún con el aporte de razas, lenguas, tradiciones, religiones, ?losofías, modelos económicos e ideales políticos llegados de otras partes. Pienso en Colombia, por ejemplo, donde no somos mayoritariamente blancos europeos ni indios americanos ni negros africanos sino uno de los países más mestizos del continente, en una región que es a la vez caribeña, de la cuenca del Pací?co, andina y amazónica, que habla una lengua que es hija ilustre del latín y del griego, que profesa una religión de origen hebreo, griego y romano, que ha adoptado unas instituciones nacidas de la Ilustración y de la Revolución francesa, que fue incorporada al orden de la sociedad mercantil y a la dinámica de la globalización hace ya cinco siglos, y siento que estamos amasados verdaderamente de la arcilla planetaria#.
