Pixelated L.S. Murphy

Senior Year.

Middle of nowhere.

What's the new girl to do?

For Piper Marks, the answer is simple. She's determined to have her photography rock the cover of National Geographic someday, and moving to Clarkton, Iowa for her last year of high school is not going to stop her. Even if her usual subjects have changed from bright lights and skyscrapers to fields, cows?and more fields.

But when photographer at the local paper quits in a huff, she steps into his spot. Her new job keeps Piper busy capturing tackles, and zooming in on first downs and end zone dances, not to mention putting her directly in the path of varsity football star Les Williams IV. Her new friends warn her off, but she can't resist the pull she feels toward this mysterious country boy. But this small town is keeping a secret, and it's one that could destroy any chance they have to be together.

It's up to Piper to decide what to do with the distorted truth. Can she risk exposing her heart? It might be worth it, 'cause Les is about to change her world from black and white to fully saturated color.
