## **The Toni Morrison Encyclopedia** Elizabeth A. Beaulieu

Intended for lay readers and scholars alike, this reference offers a convenient overview of her life and achievements. The first book of its kind, this reference offers hundreds of alphabetically arranged entries on Morrison's works, major characters, themes, and other topics. Lengthier essays cover each of her novels, along with various approaches to her writings. Each of the entries was written by an expert contributor, and many close with suggestions for further reading. The volume concludes with a selected bibliography of major studies. All told, this book provides a remarkable overview of Morrison's primary concerns and achievements, charting a helpful course for readers who wish to venture deeper into the work of this extraordinary author.

Toni Morrison is arguably the most popular and significant contemporary African American author of all time. As a writer, she personifies courage, blending the personal and the political and doing so in a way that resonates for readers of every age, race, ethnicity, and gender. Her stories are imagined in language that is both graceful and powerful—a truly poetic prose. Morrison's works have received increased scholarly attention, and her contributions were formally recognized around the world when she was awarded the Nobel Prize in Literature in 1993.
