Hank J. Brightman, Lindsey W. Howard

Today's White Collar Crime: Legal, Investigative, and Theoretical Perspectives (Criminology and Justice Studies) Hank J. Brightman, Lindsey W. Howard

Written as a text for undergraduate courses, this book appeals to instructors interested in teaching the field of white-collar crime, both from a matter-of-fact investigative perspective *as well as* a decidedly academic endeavor. Accordingly, it goes beyond discussing the basic theories and typologies of commonly-encountered offenses such as fraud, forgery, embezzlement, and currency counterfeiting, to include the legalistic aspects of white-collar crime. It also explores the investigative tools and analytical techniques needed if students wish to pursue careers in this field. Because of the inextricable links between abuse-of-trust crimes such as misuse of government office, nepotism, and bribery and the realm of corporate corruption, these issues are also included.

The text also maintains a connection between white-collar crime and acts of international terrorism; as well as the more controversial aspects of possible abuses of power within the public arena posed by the USA Patriot Act of 2001 and the asset forfeiture process.

Adapted readings at the end of each chapter provide readable cases of white collar crime in action to illustrate the principles / theories presented. Activities, Exercises, and Photographs are also included in each of the 10 chapters and a Companion Web Site provides additional test items and other instructor support material.
