## **GRG World: Global Research Group Alien wars H. F. Brown**

Can house cats be trained for combat? A billionaire computer mogul established a self-contained, state of the art, research facility inside an extinct volcano on a fiord in Norway. After a global nuclear war the 241 original residents comprised of some of the brightest scientific minds, their families, many specialists who came to avoid what they believed would be the end of the world, and their offspring; are the only human survivors. When three separate alien species arrive and start to fight over the earth's resources, the residents must wage war to avoid extinction using their brains, technology, and cats?
