**La vida constitucional de México, Vol. I. Tomos I y II (Spanish Edition)** Fernando Serrano Migallón

Por primera vez se reúnen en una investigación los estudios de historia jurídica y de historia política de México, lo que permite enriquecer la reflexión sobre la conformación del Estado nacional. El ensayo contiene un riguroso análisis de las constituciones de Bayona y Cádiz, entre otros documentos. Pero el estudio que el autor emprende aquí no se reduce a la revisión de los preceptos constitucionales asentados, ni se limita a la narración de sucesos políticos, sino que describe, explica e interpreta el devenir del Estado mexicano desde un ángulo jurídico, apoyado firmemente en la historia política, lo cual resulta fundamental para la comprensión de la evolución de la sociedad.
