House to House: Growing Healthy Small Groups and House Churches in the 21st Century Larry Kreider

House to House documents how God transformed a small fellowship of young believers into a worldwide movement. DOVE Christian Fellowship International grew from 25 people to a cell church of over 2,300, and then transitioned into a family of small group churches and house churches that is now networking together throughout six continents. This field-tested book is a blueprint and training guide for believers, Christian leaders, and churches to make an impact on today's world, and serves as an invaluable tool to train potential leaders. The House to House model will inspire churches across the country, transforming them from individual congregations, large and small, into church-planting movements, encouraging many to start new churches to reach the coming harvest.
