The Official Soviet RPG Manual James F. Gebhardt

More than 40 years after its fielding, the RPG-7 remains a deadly force to be reckoned with. A recent Army study revealed that more than 50% of U.S. Army casualties in Operation Iraqi Freedom were caused by the RPG-7. Every ground tactical vehicle in the current theater of operations, with the possible exception of the M1A2 tank, is vulnerable to this weapon. Having been manufactured in enormous quantities in both the Soviet Union and China and then exported all over the world. The RPG-7 is still and will remain a threat to U.S. military equipment and personnel for the foreseeable future. IN this exclusive English translation of the Soviet military manuals, James Gebhardt present the maintenance and operational information for both the RPG-2 and the RPG-7. A must for anyone interested in military operations, past present and future.

Helen Widner:

As a college student exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this The Official Soviet RPG Manual can make you sense more interested to read.
