Anomalies Sadie Turner, Colette Freedman

In the future there is no disease. There is no war. There is no discontent. All citizens are complacent members of the Global Governance. But one summer is about to change everything. Keeva Tee just turned fifteen. She's about to make the trip to Monarch Camp to be imprinted with her intended life partner. But in her happy, carefree life in the Ocean Community, she hears whispers about "anomalies"—citizens who can't be imprinted. When Keeva arrives at Monarch Camp, her worst nightmare becomes a reality—she is an anomaly. She begins to doubt everything she's ever believed. What if freedom and individuality have been sacrificed for security? When Keeva finds a warning carved under a bunk bed she begins to understand: nonconformity will be punished, dissent is not an option, insurgents will be destroyed.
