The Harpsichord Stringing Handbook

Thomas Donahue

The Harpsichord Stringing Handbook Thomas Donahue

The Harpsichord Stringing Handbook, Thomas Donahue integrates available historical evidence and modern physical principles—from both musicological and scientific literature—to provide practical quantitative information about the stringing of this instrument.

The Harpsichord Stringing Handbook covers the composition and properties of iron and brass wire, the interrelationship of frequency to string length, safety factors involved with stringing, the scaling of string lengths, the calculation of diameters, and the determination of the transition from iron to brass in mixed-strung instruments. Supplemental topics include the elasticity and plasticity of wire, inharmonicity, tension and stress, and the interpolation of string lengths. Additional material includes data on selected historical harpsichords, absolute diameters of historical gauge numbering systems, a generated list of tensile strength values for historical wire, and sizes and tensile strengths of currently available wire.

This book offers specific guidance for instrument makers, restorers, curators, technicians, musicians, kit builders, wire manufacturers, and acousticians, filling in critical details that historical treatises and surviving instruments may not clearly address.

From reader reviews:

Michael Duckett:

Reading a book can be one of a lot of task that everyone in the world enjoys. Do you like reading book and so. There are a lot of reasons why people enjoy it. First reading a publication will give you a lot of new details. When you read a book you will get new information since book is one of various ways to share the information or even their idea. Second, reading through a book will make a person more imaginative. When you looking at a book especially fiction book the author will bring someone to imagine the story how the character types do it anything. Third, you can share your knowledge to other people. When you read this The Harpsichord Stringing Handbook, you are able to tells your family, friends in addition to soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a guide.

Edward Bastian:

Why? Because this The Harpsichord Stringing Handbook is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will surprise you with the secret this inside. Reading this book beside it was fantastic author who have write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of gains than the other book have got such as help improving your ability and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the guide store hurriedly.

Ladonna Warren:

Is it a person who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something totally new? This The Harpsichord Stringing Handbook can be the reply, oh how comes? It's a book you know. You are consequently out of date, spending your spare time by reading in this fresh era is common not a nerd activity. So what these textbooks have than the others?

Ann Yoho:

Reading a reserve make you to get more knowledge from that. You can take knowledge and information from your book. Book is written or printed or highlighted from each source which filled update of news. In this particular modern era like at this point, many ways to get information are available for a person. From media social such as newspaper, magazines, science guide, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the The Harpsichord Stringing Handbook when you essential it?
